

## CURRICULUM VITAE

**A. Tanasan, MD**

Date 30.11.2019

### ❖ Personal Background:

**Name:** Asadolah Tanasan

**Date of Birth:** 1/7/1968

**Nationality:** Iranian

**Sex:** Male

**Marital Status:** Married

**Address:** Besat Hospital-Hamedan

**Tel:** (0098) 9111754012

**Fax:** (0098) .....

**E-mail:** Asadolahtanasan@gmail.com

### ❖ Current Position:

Assistant Professor of Pediatric Cardiology

.....

### ❖ Education:

- General Physician / Iran University of Medical Sciences
- Pediatric / Mazandaran University of Medical Sciences
- Pediatric Cardiology / Tehran University of Medical Sciences

### ❖ Thesis:

- Effect of Zinc supplement on growth of milk fed infant
- Echocardiographic evaluation of right ventricular function in TOF patients by valved transannular patch repair

### ❖ Activity & Teaching:

- Opened the Angiography and Pediatric cardiac intervention service in Farshchian Cardiovascular Hospital
- Opened the Fetal Echocardiography Clinic in Imam Khomeini Clinic
- Scientific secretary of one day conference on Congenital Heart Disease on 22/7/2016 in Hamedan University of Medical Science
- Responsible for affairs of pediatric group interns from 2010 to 2011
- Medical Ethics Committee Member of Besat Hospital in 2010
- A member of examiner board of Pre-internship exam

### ❖ Publication:

#### • papers

- Right Ventricular Myocardial Tissue Velocities, Myocardial Performance Index, and Tricuspid Annular Plane Systolic Excursion in Totally Corrected Tetralogy of Fallot Patients
- Implantable Port Devices, Complications and outcome in Pediatric Cancer, a Retrospective Study
- correlation between QRS duration, pulmonary insufficiency and Right ventricle performance in Totally corrected Tetralogy of fallot
- Accuracy of Myocardial Performance Index in the Diagnosis of Right Ventricular Dysfunction After Surgical Correction of Tetralogy of Fallot: A Narrative Review
- Accuracy of physical Examination in Distinguish pathologic Murmur of non pathologic
- Clinical Characteristics and Outcomes of Iranian Patients With Kawasaki Disease
- Down syndrome Associated with Epstein's Anomaly and Pulmonary Hypertension in a 2.5 Months Infant: a Case Report Study

- *A case of Non-compaction of Left Ventricle Coexistent with Juvenile Nephronophthisis. Is this Another Presentation of Ciliopathy?*
- *MASSIVE PERICARDIAL EFFUSION IN DOWN SYNDROME WITH SUPRAVALVAR PULMONARY STENOSIS ASSOCIATED TO LEFT PULMONARY COLLAPSE (CASE REPORT)*
- *Anomalous left coronary artery from pulmonary artery presenting associated with isolated cleft palate*
- *RECURRENT PNEUMONIA DUE TO DOUBLE AORTIC ARCH (CASE REPORT)*
- *Effect of zinc supplement on growth of milk fed infants*
- *Evaluation of QRS, QTC, JTC intervals in congenital heart disease with pulmonary hypertension (Accepted by International Journal of Pediatrics)*
- *The relationship between serum levels of troponin I and myocardial function in neonates under mechanical ventilation [Revision 1] (Accepted by Iranian Journal of Pediatrics)*
- *Association of leukemia and congenital heart disease in patients with Down syndrome (Accepted by Iranian Journal of Pediatrics)*
- *The prevalence and risk factors of congenital heart disease and its outcome in infants admitted to NICU of Besat Hospital of Hamadan in 2012-2017 (Accepted by Urmia Medical Journal)*

• **Books:**

- .....
- .....
- .....
- .....
- .....

❖ **Presentation:**

**A. Oral**

- *6th International congress of Iranian society of cardiac surgeons : Pulmonary Artery Regurgitation And Right Ventricle Performance In Corrected Tetralogy Of Fallot With Monocuspid valved transannular and subannular patch*
- *First Iranian Fetal Echocardiography Congress: The etiology of congenital heart disease*
- *2nd Iranian Congress of Pediatric Cardiology: Right Ventricular Myocardial Tissue Velocities, Tei Index and TAPSE: comparison of totally corrected TOF patients and normal healthy children.*
- *1st conference of Fetal Cardiology and Fetal Heart Diseases: Reasons for Fetal Congenital Heart Diseases*
- *Conference of Immune deficiency and Rheumatic Fever and Infection: Cardiac Manifestations in Rheumatic Fever (Hamedan University of Medical Science – Besat Hospital)*
- *Conference on Shock and CPR in Children: Cardiac Treatment in Shock (Hamedan University of Medical Science – Besat Hospital)*
- *Conference of Kawazaki Disease: Cardiac Manifestation in Kawazaki (Hamedan University of Medical Science – Besat Hospital)*
- *Conference of Thalassemia: Cardiac Manifestation on in Thalassemia Major (Hamedan University of Medical Science – Besat Hospital)*
- *Conference of Cardio Pulmonary Resuscitation in Children: Arrhythmia Treatment in Children (Hamedan University of Medical Science – Besat Hospital)*
- *Conference of Chronic Cough: Cardiac Causes of Chronic Respiratory disease and Cough (Hamedan University of Medical Science – Besat Hospital)*
- *Joint Morning Report in Besat Hospital: Causes of Congenital Heart Diseases (Hamedan University of Medical Science – Besat Hospital)*
- *Joint Morning Report in Besat Hospital: Cardiac Tamponade in Children (Hamedan University of Medical Science – Besat Hospital)*
- *Joint Morning Report in Besat Hospital: Marfan disease (Hamedan University of Medical Science – Besat Hospital)*

#### **B. Posters**

- *6th world congress of pediatric cardiology and cardiac surgery ,cape town 2013: CORRELATION BETWEEN QRS DURATION, PULMONARY artery regurgitation and right ventricle performance in totally corrected tetralogy of fallot*
- *7th Iranian Joint Cardiovascular Congress :The relationship between QT interval and Severe pulmonary hypertension in patients with congenital heart disease*
- *2<sup>nd</sup> Iranian Congress of Pediatric Cardiology: Intractable PSVT controlled by Flecainide*
- *14<sup>th</sup> Iranian and 2<sup>nd</sup> International Congress of Pediatric Neurology & Nursing Congress: I-Cell Disease*

#### **❖ Awards and Honors:**

- *Letter of commendation for holding the 2<sup>nd</sup> Iranian Congress of Pediatric Cardiology*
- *Letter of commendation for holding the 1<sup>st</sup> Fetal Ecocardiography Congress in Children Medical Center of Tehran*

**Signature**
